

Hello again everyone in 2 Ash and 2 Oak!

We hope you are enjoying the sunshine and are working hard at home with your learning.

Here is the learning for the week beginning Monday, 27th April. This week, we are going to ask you to try out the BBC and Oak Academy websites as well as including some of our own ideas. You should not have to print out any activities – any that are for printing are **extras** and only print them if you can.

Please read the following pages which hopefully will answer any questions you have. If anything is not clear, please get in touch.

Best wishes

Miss Rathbone and Ms Grant.

PS Don't forget to keep posting what you have done on Dojo

.

DAILY ACTIVITY CHECKLIST – Tick the box when you have completed the activity

We thought a daily organiser might be helpful for you to check off that you have completed your activities for the day. Try not to leave things out but for some subjects which aren't every day, you might like to swop around the days.

Area of Work	Monday	Tuesday	Wednesday	Thursday	Friday
English – writing	Talk for Writing booklet – Paragraph 1 <input type="checkbox"/>	Talk for Writing booklet – Paragraph 2 <input type="checkbox"/>	Talk for Writing booklet – Paragraph 3 <input type="checkbox"/>	Talk for Writing booklet – Paragraph 4 <input type="checkbox"/>	Talk for Writing booklet – Draw a picture of what you think the box looked like and describe it <input type="checkbox"/>

YEAR 2: 2 Oak and 2 Ash - Week 4 of Home Learning tasks
ACTIVITY EXPLANATIONS and DETAILS Week commencing 27/4/20

The following pages contain detailed information about what to do in each task. There are a lot of pages but we are hoping that they contain all the answers to any questions you might have. If not, please get in touch.

Daily Written Task (in home learning book)

Day 1: Read and learn some actions to the **first paragraph** of Pandora's box. You could also create your own story map to help prompt you. **Remember you don't need to draw a picture for every bit – just the main parts to help you remember it.**

Day 2: Continue to read and learn some actions to the **second paragraph** of Pandora's box. Continue with your story map.

Day 3: Read and learn some actions to the **third paragraph** of Pandora's box. Continue with your story map.

Day 4: Read and learn the **fourth paragraph** of Pandora's box using actions to prompt. Continue with your story map.

Day 5: Draw a picture of what you think Pandora's box looked like. Can you label it with some adjectives to help describe the box and then write your paragraph describing the box?

Daily phonics (online)

Using the Phonics Play website www.phonicsplay.co.uk (use the log-in details: User Name: **march20** Password: **home**).

Go to the Children's area. You will need to make sure that you choose the Phase that matches the colour story book that you are reading.

Choose ...	If you are on ...	Your phonics teacher is ...
Phase 1 or 2	Red Ditty books or Red story books	Ms Boulton or Mrs Chidley
Phase 2 or 3	Green or Purple story books	Mrs Lucas
Phase 3	Pink story books	Mrs Minton
Phase 4	Orange story books	Mrs Minton
Phase 5	Yellow story books	Ms Grant
Phase 6	Blue or Grey story books	Miss Rathbone or Mrs Lacey

There are lots of different games – choose a different one each day from your Phase.

Daily spelling task (spelling log books)

- Continue to learn to spell the Year 1 and 2 common exception words, as list of those words are in your diaries or in your home learning pack.
- Learn the spelling pattern: Plurals (more than one) – words ending in y.
Changing the **y** to **ies**. **ladies**, **aunties**, **pennies**, **hobbies**, **enemies**, **families**, **countries**, **discoveries**.

Daily Reading Task (record this in your reading diary)

Read each day, either a book from home or an ebook on Oxford Owl.

<https://home.oxfordowl.co.uk/>

If you would like to listen to a book, there are free children's books from Audible. This is a lovely way to access books that children might find a little tricky to read themselves.

<https://stories.audible.com/start-listen>

Reading comprehension activity

Using the “How to be a Lion” by Ed Vere resource (this is a PDF document uploaded in our folder on the website), listen to the story then answer the questions in your blue books. Have a go at reading it yourself – can you make it sound as interesting as the author, Mr Vere?

Daily Maths Tasks (recorded in home learning book)

This week we are continuing to focus on fractions. Make sure your child is confident with halves and quarters from last week before moving onto this.

How to access the on-line lessons:

Go onto this website: <https://whiterosemaths.com/homelearning/year-2/>

Click on **year 2 and week 2** – There are five lessons – one for each day. If your child is finding the year 2 work too tricky, try them with the year 1 work first.

Every lesson comes with a short video teaching the unit, showing clearly and simply how the children can complete the activity successfully. **Make sure you watch this video first.**

Each lesson also includes their version of fluent in five as a daily starter and again there is a video supporting this. You should pause it, have a go at the questions in your blue book, then it goes over the answers in the video for you to mark. There is no need to print off the sheets. The answers can be written directly in blue books.

The videos will help the parents in supporting the children in their learning plus the answers are there too. We would suggest writing the answers in your blue book while you are looking at the worksheets on the screen. There is a separate file with the answers that you can look at after to mark your work.

Daily Times tables maths task:

Times tables and division facts: **(2s,5s,10s,3's)**. **If you follow this link**

<https://www.topmarks.co.uk/maths-games/5-7-years/times-tables>, you will find a lot of different games to play (in addition to Hit the Button) to help with times tables.

If you can't access the internet, practise writing your tables in your blue book. Try the division facts too (so $2 \times 2 = 4$ $4 \div 2 = 2$) and also write them in any order.

Daily Number bonds task:

On the School website in our Year 2 folder, there are a range of worksheets for number bonds to 10, 20 or 100 as **PDF files**. Aim to answer 10 questions a day as quickly as you can.

There is a **Daily 10**. If you choose Level 1, Addition, there are opportunities to practise number bonds – you need to write down your answers. You can choose how much time you have to answer and the answers are revealed at the end.

Other Areas of the Curriculum

Purple Mash:	PE:	Music/PE
<p>https://www.purplemash.com/login/</p> <p>Log onto Purple Mash using your login from your home</p>	<ul style="list-style-type: none">Joe Wicks Daily workout Monday – Friday @9am - https://www.youtube.com/user/thebodycoach1	<p>Listen to a song that you enjoy and see if you can come up with a dance routine to the music or you could practise singing the song?</p>

<p>learning packs to access a range of different activities. There are lots of different activities on there for you to complete.</p>	<ul style="list-style-type: none"> • Go Noodle https://www.youtube.com/user/GoNoodleGames • Cosmic Yoga https://www.youtube.com/user/CosmicKidsYoga 	<p>We would love to see a video of this on Class Dojo.</p>
<p>Science:</p> <p>What a plant needs to grow?</p> <p>Here are some links to some video clips that you can watch to learn about what plants need to grow.</p> <p>https://www.bbc.co.uk/bitesize/clips/zcn9j6f</p> <p>https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/zxxsyrd</p> <p>Can you create your own poster that tells people what plants need to grow?</p>	<p>Handwriting:</p> <p>Continue to practise your letter formation, size of letters and capital letters.</p> <p>There is a PDF document of the cursive letter formation for you to look at on-screen while you practise in your books. Your capital letters should reach the top of the line and lower case letters are half the size of capital letters. Sit them all on the line.</p> <p>There is also a non-cursive sheet from RWI for those who are not yet joining but focusing on formation. There's a guide for parents on how the formation is taught too.</p>	<p>Computing:</p> <p>Watch this video about what an algorithm is. https://www.bbc.co.uk/bitesize/clips/z28qmp3</p> <p>You can use the 2Go activity on Purple Mash which is in your 2dos.</p> <p>You could even pretend to be a human beebot. See if your child can give you an algorithm to get to a certain place? Can you give write give them an algorithm? Can they predict where they will get to?</p> <p>Remember it is very important that the algorithm you give is clear!</p>
<p>Grammar Hammer:</p> <p>This is an activity that we complete at school that the children may enjoy doing at home. This is now a chance for your child to have a go at this on their own. See if they can beat their score from last week.</p> <p>The answer sheets are also attached.</p>	<p>Art</p> <p>Create your own time capsule. You can use the activity sheets on the document attached or you can make your own.</p>	<p>Comprehension:</p> <p>On the school website there is a comprehension activity about sunflowers. There are different level activities. The worksheet with three stars on *** is the highest level.</p> <p>Ask your child to read the text, you can support them with this if needed. Then they can have a go at answering the questions. It will be good practise for the children to record their own answers. However, this can also be done verbally.</p>
<p>History: William Shakespeare</p> <p>Watch a video about the life of William Shakespeare. It was his birthday on 22nd April (it is thought). Design a birthday card for him and practise writing like Shakespeare.</p> <p>Take our quiz about his life and what the theatre was like in Elizabethan times.</p>		

Some information about the new online teaching resources from the government and the BBC.

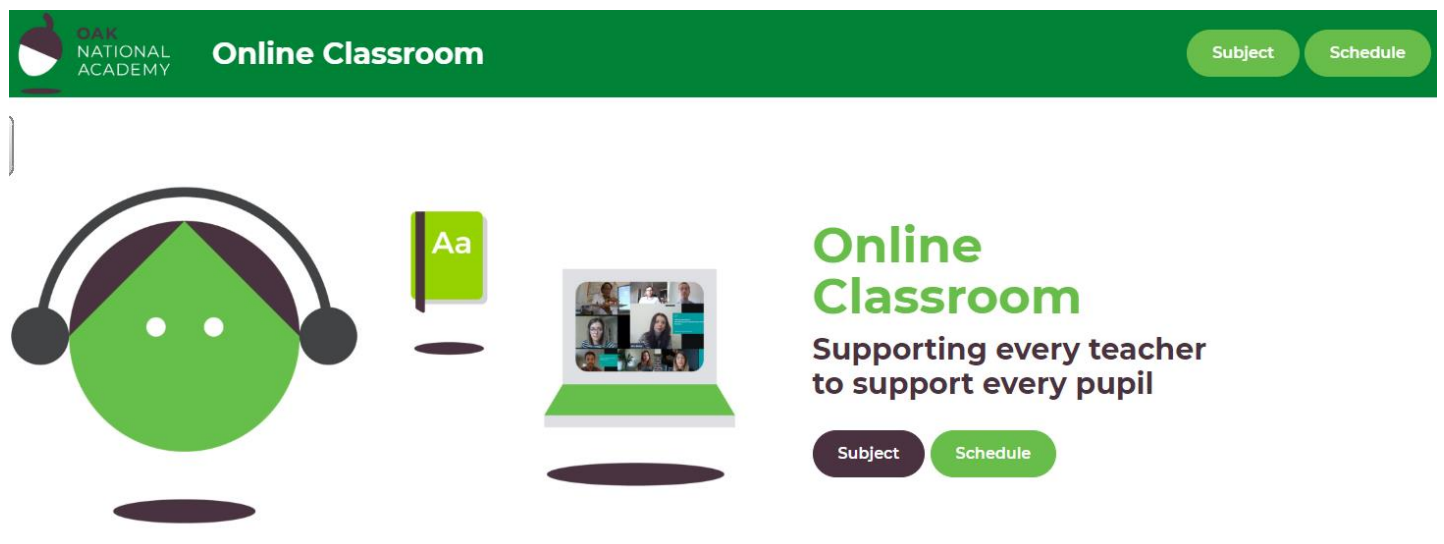

Oak Academy Teaching: DAILY LESSONS

<https://www.thenational.academy/online-classroom>

Follow this link. There are lessons in English, Maths and a Foundation subject every day.

You can select the lessons by day or by subject. We are thinking of using some of these lessons more in the future but it is important that the lessons are followed in sequence and are watched from start to finish. They therefore need the children to sit down and focus on the lesson for its duration so will need access to a device to do this.

There are 3 one hour lessons per day.

The screenshot shows the Oak National Academy Online Classroom website. At the top, there is a green header with the Oak National Academy logo on the left, the text "Online Classroom" in the center, and two buttons labeled "Subject" and "Schedule" on the right. Below the header, the main content area features a large green circular icon with a white face and black headphones on the left. To its right is a small green square with "Aa" on it, and a laptop displaying a video conference with several participants. Further right, the text "Online Classroom" is written in a large green font, followed by the tagline "Supporting every teacher to support every pupil" in a smaller black font. At the bottom of this section, there are two buttons labeled "Subject" and "Schedule".

BBC BITESIZE : Daily Lessons

<https://www.bbc.co.uk/bitesize/dailylessons>

There are three lessons every day in Maths, English and either science, history, geography etc.

Some of the areas covered are revision for your children.

Pick your year and start homeschooling

You'll find daily lessons for homeschooling in Maths and English for every year group, as well as regular lessons in Science, History, Geography and more.

Year 1 / P2

Age 5-6 lessons

Year 2 / P3

Age 6-7 lessons

Year 3 / P4

Age 7-8 lessons
