## MATHS

Create a number story with your child based on Little Red Riding Hood's journey to Grandma's house. She starts with 10 cakes in her basket but she gets hungry on the way and eats some of the cakes (you can vary the amount each time). Encourage your child to listen carefully as you create the story and count how many cakes would be left. You could make some real cakes with your child to use for the task or you could use whatever you like to be pretend cakes. Use First, Then and Now to tell subtraction stories to practise taking away in familiar contexts. Can your child write the number sentences in their book?

Have fun counting with Little Red Riding Hood by [clicking here](#). Here are some counting sheets. Your child could draw the objects in their books and write the correct number beside them. [Click here!](#)

### Outdoor Activity

Create your own 'path' to Grandma's house. You can create different obstacles for different parts of the story. Encourage your child to use positional language such as **over**, **under**, **next to**, **on top of**, **through**, **around**, **below** etc.

## Method

- 1 To make this fairy cakes recipe, heat the oven to 200C fan, 180C fan, gas 6. Place fairy cake cases into a 12-hole bun tin, to keep a good even shape as they bake.
- 2 Measure all the ingredients into a large bowl and beat for 2-3 mins until the mixture is well blended and smooth. Fill each paper case with the mixture.
- 3 Bake in the preheated oven for 15-20 minutes until the cakes are well risen and golden brown. Lift the paper cases out of the bun tin and cool the cakes on a wire rack.
- 4 Put the icing sugar in a bowl and gradually blend in the warm water until you have a fairly stiff icing. Spoon over the top of the cakes and decorate with sweets.
