

Dear 3 Oak and 3 Ash,

I hope you all had a lovely weekend. Thank you so much for getting in touch last week. If you haven't been in touch yet, please make sure you do so by the end of this week.

For the week beginning 15th June, please continue with the Trolls Unit – some of you may be doing less/more than what we are “setting” so please feel free to work through this at a pace that suits you. As always, if you can, try to use some of the new words you came across in last week's tasks in these week's tasks.

Here is the link to Oak academy:

<https://www.thenational.academy/online-classroom/year-3#subjects>

I know some of you really enjoyed the activities on here and parents were grateful to have a 'teacher'!

The White Rose Maths for this week is all uploaded to the folder for this week's learning. I have also uploaded the answer sheets again.

I have also uploaded a comprehension task for this week – Pet Care of a Guinea Pig. Work your way through these questions at your own pace.

As it's the last term of the year, we would of course be having Sports Day. Mr Whitbread has created a virtual for you to take part in! Your results will need to be recorded and whilst this would probably be easier to print and fill in, this would be superb practise for maths – recording statistics. Creating your own tables and

recording the data accurately will be a brilliant maths activity for this week. But most of all, have fun and enjoy!

Looking forward to catching up with you and hearing about what you have been up to.

Best wishes,

Miss Dakers and Miss Baillie
