

Reception Home Learning
Week Commencing 6th July 2020

Written Task (Home Learning Book)

Please see the literacy activity on the next page.

RWI Phonics lessons at home

To help children learning to read at home, RWI are streaming 7 phonics, reading and spelling lessons every weekday on their [YouTube channel](#).

Each lesson is ten to fifteen minutes long and available for 24 hours.

Speed Sounds Set 1 - for children in Nursery and Reception and children who are new to English

- Set 1 Speed Sounds 9.30 am (BST)
- Set 1 Word Time 9.45 am
- Set 1 Spelling 10.00 am

Speed Sounds Set 2 - for children in Reception that can read Set 1 Speed Sounds and for children in Year 1 and 2

- Set 2 Speed Sounds and Word Time 10.00 am
- Set 2 Spelling 10.15am

Hold a sentence 1 and Read red words 1 - for children in Reception.

- Available daily from 9:30am

Don't worry if you miss a lesson. Once each set has been shown, they will replay one a day from each set.

Tricky Words

Epic Phonics has developed some great songs to support learning tricky words. The children are used to these and love singing them.

Spellings

Please practise the following spellings: all are was said he you she

Weekly Reading Task (record this in your reading diary)

1. Please read at least 3 x per week - (Oxford Owl or physical reading books)
2. Practise reading and recognition of the high frequency words
3. Practise phonics graphemes for set 1 and 2 sounds. See list of phonics websites to help you.

Literacy

This week we will be focusing on the story of The Little Green Dinosaur. Unfortunately, there is no Oak Academy video this week but we have found a version on YouTube that can be used alongside this planning.

Maths Home Learning

Maths: Counting and Ordering Numbers to 20

Home Learning Challenges

Write out the numbers 0-20 on some paper or card, cut them up and then ask a grown-up to mix the numbers up – don't peek! Then, see how quickly you can put them into the correct order. You could ask someone to time you and then see if you can get faster when you try again.

Collect 20 leaves from your garden or a local park. Write the numbers 1-20, one on each leaf, using a thick marker pen. Use a hole punch to make a hole in either end of the leaves and then thread them onto a piece of string. Don't forget to put them in the correct order! You could then put up your homemade number line in your bedroom to help you remember the order of the numbers.

Next time you open a packet of raisins, some carrot sticks or apple pieces, count out how many you have. If you're eating them with a friend, count how many they have too. Can you write the numbers down?

Ask an adult to hide the numbers to 20 around your room, house or garden. See if you can find all 20 and place them in order. You could ask someone to tell you a number to find. Can you remember what the number looks like and find it?

Draw circles on a piece of paper and put different coloured paints in shallow trays. Choose a number between 1 and 20. Dip your finger into paint and add that many petals to one of the circles, making a flower. Count the petals to check how many you have and write that number in the middle of the circle. Choose another number and do the same to another circle on your page. Fill up your page with colourful flowers, each with different amounts of petals.

Write the numbers 0-20 on plastic building bricks. Make a tower of 21 bricks, seeing if you can put the numbers in the correct order. Start with 0 at the bottom and 20 at the top and then try starting with 0 at the top and 20 at the bottom.

Get Creative!

Can you build your own dinosaur egg and nest?

Can you create your very own dinosaur?

Please complete any written or drawing tasks in your home learning book. We would love to see any photographs and videos of your children completing the other tasks on tapestry and Dojo too.
