

# People Who Help Us

8 There are people who help us every day,  
14 Making lives better in every way.

20 The nurses working day and night,  
27 They keep you well with spirits bright.

34 The doctors helping to fix what's wrong,  
42 They cure your ills and make you strong.

49 Police officers there to look after you,  
56 They keep you safe and others too.

64 The bus drivers get you there on time,  
72 They drive the bus, come rain or shine!

80 The teachers who help you learn new things,  
87 They inspire you and give you wings.

95 Let's stop and think and let them know,  
101 We appreciate how far they go!
